Dear Ellen

Almost 50,000 visitors have gone on the Steel Pier in its 44 years of existence. So diversified are its attractions that it appeals to rich and poor, young and old.

POST CARD

~~We arrived here about 2: - had layover of 3 hours in Phila - we walked the board walk for an hour this afternoon, waves larger than these in picture. Hope your cold is better. I was trying to tell you to walk with Vicks. Paul will tell you where things are. There is plenty of honey. Perhaps you have smelled out the bananas on second shelf in kitchen. We will have the chicken & fish when we get home.~~
Love
Ellen
